

ILLINOIS

# GREEN SCHOOLS PROJECT

This project-based challenge supports K-12 schools in devising and implementing creative no to low-cost energy, water and waste initiatives, as well as encouraging sustainable practices in their schools. During the 2020-21 school year, join the Illinois Green Schools Project from a virtual classroom or at the school building. **Schools can participate no matter where they are on their sustainability journey.**

»Join us for the Fall 2020 Green Schools Webinar Series!  
»Register for the Spring 2021 Cohort: Deadline 12/14/20
