

ILLINOIS GREEN SCHOOLS PROJECT

Sponsor the 2020–2021 Illinois Green Schools Project!

Support Illinois teachers and students as they learn to appreciate and model sustainable practices.

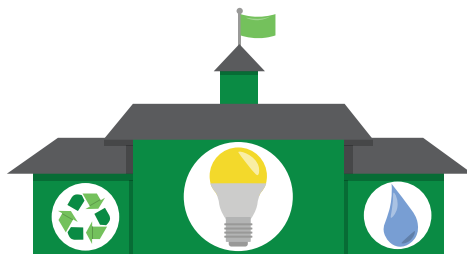

About the program

The Illinois Green Schools Project is a project-based challenge for K-12 schools to devise and implement creative no to low-cost energy, water, and waste initiatives and sustainable practices for their schools. During the 2020–21 school year, the project will incorporate virtual opportunities.

Your sponsorship is critical and will provide resources for:

- » Individual school 'green teams' working to educate students and take action on a sustainability project in their virtual classroom or at the school building.
- » Volunteer mentorship from green building professionals
- » Classroom resources on environmental science and sustainability best practices
- » An annual event to celebrate and provide public recognition of the innovative projects

ILLINOIS
GREEN SCHOOLS PROJECT

SPONSORSHIP LEVELS

GOLD | \$5,000

- »Supports 10 schools with resources and curriculum to implement student-led, green initiatives in a virtual classroom or the school building through participation in the Illinois Green Schools Project.
- »Provides green schools champions across Illinois with best practices through a Green Schools Webinar Series.

SILVER | \$3,000

- »Provides 20 teachers and school staff with professional development through the Green Classroom Professional certificate program and access to project and STEM-based curriculum focused on creating green schools.

BRONZE | \$1,500

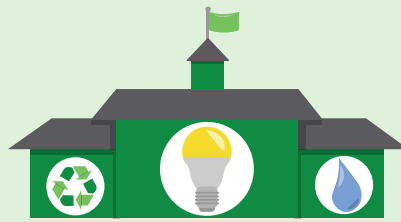

- »Supports the Celebration Event held in spring 2021 for all participating schools to highlight achievements and recognize their hard work.

GREEN | \$750

- »Provides 5 schools with access to tools to assess, identify, and track actions to meet whole-school sustainability goals.

As a sponsor, you'll be recognized in all marketing material, on the Illinois Green Alliance website and will receive prominent recognition during the Green Schools Webinar Series and at Illinois Green Alliance's annual fundraiser.
