

Empowering nonprofits in the clean energy revolution

*CYC - Sidney Epstein's bathroom fixture retrofits will reduce the building's water usage from flushing and hand washing by an estimated **20% and 30%**, respectively.*

# CYC - Sidney Epstein Youth Center Project Summary

Chicago Youth Center (CYC) - Sidney Epstein is located in the North Lawndale neighborhood of Chicago and provides after school and early learning programs for children 3-18 years old. Each year, the center serves over 200 children in the greater Lawndale community.

With help from NPP's pro bono consultations and \$16,000 grant, CYC - Sidney Epstein chose to implement high-efficiency bathroom fixture retrofits throughout the whole facility to reduce both water usage and utility costs.

**CYC - Sidney Epstein Facilities**

*The facility prides itself in being a center for learning, building community, and helping children find success.*

Traditional classroom spaces	Maker lab	Community garden	Fully-equipped gym
------------------------------	-----------	------------------	--------------------
