

ILLINOIS  
GREEN  
ALLIANCE

# Sponsorship Opportunities

*Together we will advance green buildings and  
sustainable communities for all.*

# We advance high performance buildings in Illinois.

*Here's how we do it.*

## Education

The professionals that design, build, and operate buildings are important advocates for net zero, and need a reliable source for the latest trends and technologies. We deliver effective educational programs, convening diverse professional stakeholders.

## Policy

We must remove barriers by providing information about the technical and policy roadblocks to net zero adoption. We amplify the voices of green building professionals to provide the expertise and support for green building policy.

## Community

To demonstrate net zero can work everywhere, we collaborate with people in building types that are often viewed as not possible to retrofit to net zero — schools, community buildings, and affordable housing. We deliver community service programs that help expand awareness about the benefits of sustainability.

# Our Strategic Plan: 2021 – 2025

*To combat climate change in Illinois, it's time we made net zero buildings feasible, affordable, and so commonplace that every building in Illinois is net zero by 2050.*

Mainstreaming the technology and building methods, whether new or existing, will not be easy but **no one is better positioned to make it happen than green building professionals.**

To advance our 2050 vision, we must act now to mainstream the technologies and building methods that make net zero possible for new and existing buildings. That's why, over the next five years, we will build on our experience promoting Carbon Drawdown strategies in the built environment by:

## Educating architecture, engineering, and construction professionals

to ensure there are at least 100 AEC firms who have the expertise to use net zero building methods in their work and can help us raise awareness about their value with building owners and policymakers.

## Removing barriers

by providing information about the technical, financial, social, and policy roadblocks to net zero adoption and passing at least two major new laws that help to overcome these barriers.

## Demonstrating it can work everywhere

by collaborating with people in historically underinvested communities where building types are often viewed as not possible to retrofit to net zero (schools, community buildings, affordable housing, etc.) By piloting programs that showcase this is feasible in 100 buildings around Illinois, we can better make the case for policies that help these buildings in more places take action.

# Sustaining Sponsorship

Be an organizational member and support our mission to ensure an equitable and resilient building environment for all. Join us and gain exposure as a leader in helping grow the market for high performance buildings.

## Marketing and organizational benefits include:

	Gold \$15,000	Silver \$10,000	Green \$5,000	Supporter \$2,500
Exclusive email to our audience	●			
Company spotlight in newsletter	●			
Opportunity to give opening remarks at an education event	●	●		
Select green project feature on our blog	●	●		
Company & logo recognition at over 25 education events	Prominent	Large	Medium	Small
Individual memberships	8	6	4	2
Complimentary tickets to the Getting to Zero Illinois Summit	4	2	2	2
Complimentary tickets to Limelight Gala	4	3	2	1
Logo featured in events newsletters	Large	Medium	Small	Name only

# Signature Event Sponsorship

We host four signature events to convene our members and all involved in the green building industry. Earn recognition at these important moments of connection.

## Annual Meeting

Celebrate progress in the green building industry and convene around new ideas.

## Women's Luncheon

Uplift women in the green building industry.

## Getting to Zero Illinois Summit

Signature education half-day conference on the state of net zero buildings in Illinois.

## Limelight

Celebrate changemakers with the Emerald Awards and network.

Signature Event Sponsor Levels are posted no later than two months before the event. Look for the sponsor invitation email and check back on our website to take advantage of these opportunities.

# We are Illinois' green building community.

**Illinois Green Alliance is the green building community of Illinois.** We are leading the advancement of healthy, high performance buildings for people to live, work, and play.

As a member-driven nonprofit, we rely on our passionate volunteers to support our initiatives and meet the needs of our community.

We achieve our mission by hosting over 30 education programs each year, advocating for high performance building policy, and implementing programs to support existing buildings on their sustainability journey.

## Where our members work

## Our top education programs:

*Education programs in 2022 elevated over 100 experts from our green building community.*

- Building Decarb Tech Series: Modeling Deep Commercial Retrofits
- Heatpumpification of Buildings: Lessons Learned & Practical Considerations
- Cutting Chicago's Carbon Emissions Through Deep Home Retrofits
- Equity & Green Buildings: What You Need to Know About CEJA
- Net Zero Building Tour: Techny Prairie Activity Center
- Energy Codes: The Key to Accelerating a Net Zero Future
- Decarbonizing Enterprise Real Estate with Large-Scale Renewables
- Chicago All-Electric Homes + Open House

## Who you'd reach

**14,000**

email subscribers

**4,000**

event attendees in 2022

**2,700+**

followers on LinkedIn

# Our Leadership

## 2023 Board of Directors

**Kelly Adighije** | Baumann Consulting

**Kevin Augustyn** | DBRS Morningstar

**Lindsay Buckwell** | Evergreen Consulting Group

**Jon Cheffings** | SCC&M

**Royce Cunningham** | ASG, Inc.

**Annalise Dum** | JLL

**Isaac Elnecave** | Phius

**Keara Fanning** | Link Logistics

**Juanita Garcia** | Pepper Construction

**Deana Haynes** | ChargePoint

**Michelle McClendon** | Gilbane Building Co.

**John Mlade** | Wight & Co.

**Sean Moran** | Clayco

**Elena Savona** | Elevate

**Prachi Sharma** | Slipstream

## 2023 Auxiliary Board

**Mayur Bandekar** | 3Degrees Group, Inc.

**Ian Champ** | Clean Air Task Force

**Ayush Chobe** | UIC

**Christine Cho** | Cushman & Wakefield

**Brianna Galvan** | Baumann Consulting
